Mr. Nicholas Aggor  
President & CEO  
Math Teaching Series  
15101 Pennbrook Place  
Riverview, MI 48193

Dear Mr. Aggor:

On behalf of the families in Detroit, I would like to thank you for providing the Math Teaching Series, a tutoring style of mathematics book, which is written step-by-step so that students, parents, and teachers can understand. The students, parents, and teachers in Detroit could benefit from your math book series.

Your series will enable parents to supervise their children at home more effectively. You have empowered parents to be more involved in their children's math education. The success story of your own children shows that if students are given effective math textbooks, how they can excel.

The success of Detroit depends on the success of its students and I would like to thank you for your commitment to children. I support the Math Teaching Series as a tool to improve students' math performance.

Yours sincerely,

  
Dave Bing  
Mayor

DAVE BING, MAYOR
